Old Business:

1- Arlin Froese info: Brittney is waiting on quotes for gravel and materials. Arlin's quote was \$3000 for labour. Micheline will ask the MAF to have the grant money pushed for 1 year so we can make it bigger and fundraise for the rest. The committee agrees to go with Arlin Froese. PAC will wait on MAF's answer to proceed. Jenn will write a fundraiser request letter.

2-Parent/Teacher meetings: Arlin reported that k-6 teachers preferred the one day and high school teachers preferred the 2 day. Attendance was fairly good for both. Arlin will have a debrief with the teachers that will determine what next spring parent/teacher will look like.

Other Business:

1-Aboriginal Education: Brittney has concerns about Kookem Daisy's presentations. Brittney asked Arlin for his opinion. She reported that she doesn't agree with Daisy touching on topics like religion. Arlin says that he respects Kookem Daisy's judgement on the explanations of her culture. Arlin has promised to be present at her presentation on the 28th. Trish Kroeker expressed concern that the indigenous teachings seem to be frequent. Arlin explained how everyone is still trying to learn how to teach this topic including the division and teachers. Arlin explained that the line of communication between students and parents is imperative and if there are still questions that parents have, then to have a conversation with the teacher.
