- Aboriginal Education Bannock/Fire Day: Arlin attended the Bannock making and observed that there was some discussion about fire safety, otherwise all conversation was just about making Bannock. Arlin is reminding teachers that parents are to be made aware when the students would be learning about smudging and that students can either participate, observe or abstain from smudging.
- Morris and Area Foundation: Micheline will ask MAF if they would accept an invoice for the swing, not a receipt. Brittany will ask Arlin F for an invoice that we can submit.

## **Other Business:**

- Pilot Sex Ed Program: Arlin explained that we are not participating in the pilot. Schools can choose to if they wish. Our school division has not said they were partaking. Pilot stages are to be looked at as a time for changes to be made. Arlin is encouraging parents to read through the documentation and curriculum before coming to conclusions. This is a 2 year pilot project.
