

The Red River Valley School Division Board of Trustees believes in life long learning.

Adult students who are no longer eligible for government funding may enroll in English or French Immersion programs or courses in The Red River Valley School Division providing that available space exists and their attendance in the program will not cause disruption for grade 9 to 12 students currently enrolled. A per course fee may apply.

Non-funded adult students wishing to enroll in Technical Vocational courses in the Division or in the RRTVA program will be assessed a fee per semester.

Adult students who are no longer eligible for government funding will be required to complete a "Non-Funded Student Declaration and Disclosure Form" and may be required to complete a Criminal Records Check including vulnerable sector search and Child Abuse Registry check at the students' expense.
