

Red River Valley School Division
ADMINISTRATIVE PROCEDURE E28
EXTRA-CURRICULAR ACTIVITIES

The Red River Valley School Division Board of Trustees acknowledges the importance of extra-curricular activities as an integral part of each student's educational experience. An employee who assumes duties in connection with extra-curricular activities will be eligible for paid leave in recognition of their contributions to the extra-curricular activities of the school.

Guidelines:

All eligible extra-curricular activities must receive pre-approval by the principal (signed) and include:

- An estimate of the total hours expected to complete the activity (each year) prior to the start of the activity and should include a breakdown of supervising hours.
- A budget for the activity covering all related expenses including coaches/supervisors mileage and meals related to supervising the activity.
- Must include supervision of students.

Reimbursement for all related expenses must be approved by the principal. All expenditures must be included in player fees and principals cannot use school budgets to cover reimbursements.

Extra-curricular hours are only eligible outside the regular instructional day (weekends, summer holidays, duty-free lunch hour and before & after school).

For the purpose of overnight trips, sleeping hours for supervisors will be eligible.
